GREELEY, COLORADO

The Weld County Nursery

We have now been located at 1823 West 5th St., Greeley, Colo., for 15 years and our steadily increasing business leads us to believe that we have been successful in our efforts to please our customers. We endeavor to keep our list of stock confined to such varieties as are best adapted to this section discarding such as after trial seem unprofitable.

LANDSCAPE GARDENING

We are prepared to handle this class of work in a manner to please you. The making and seeding of lawns, laying out of drives, pruning trees, shrubs, etc., will be given careful attention.

PRUNING

No one can afford to neglect the annual trimming that all trees and shrubs demand to insure an even symmetrical growth; and many a fine tree, accidentally marred or broken could be saved if given the proper treatment in time.

PRICES FOR PLANTING

Fruit Trees, Roses and Shrubs, each 10 to 15c
Shade Trees, 6 to 10 ft., each ----- 25c

All holes will be dug large enough and deep enough to receive the roots without crowding.

OUR GUARANTEE

If trees we plant fail to grow the first year or make a poor growth and die before the summer is over, we replace them the second year free of charge, but are not responsible for losses caused by accident, storms, or neglect in watering.

APPLES

If more care was used in the selection of varieties adapted to this locality apples would be as plentiful here as they are nearer the mountains. We recommend the following varieties.

SUMMER. Yellow Transparent, Duchess of Oldenburg, Early Harvest.

FALL, Wealthy, Grimes Golden.

WINTER, Jonathan, Wolf River, Delicious and N. W. Greening.

Select trees, 4 to 5 ft. -----

No. 1, 3 to 4 ft. -----

CRAB APPLES

Every one should set at least a few of these as they do extra well in this locality.

VARIETIES. Florence, Alaska, Hyslop, Quaker Beauty, each -----

CHERRIES

The most profitable fruit for the family or for the market. Might be a good plan to plant a few mulberry trees to attract the birds until cherries are picked. We recommend the following list.

Early Richmond, Montmorency, English Morello.

Extra, 6 ft. -----

Select, 4 to 5 ft. -----

No. 1, 3 to 4 ft. -----

PLUMS

Plum trees do well here and should be generally grown.

RED VARIETIES. DeSota, Hawkeye, Wolf, Forest Garden, Weaver.

PURPLE VARIETIES:

Damson, Italian Prune, Lombard -----

Select, 4 to 5 ft. -----

No. 1, 3 to 4 ft. -----

PEARS

Should do well in Colorado but are mostly an experiment as yet. Would recommend for trial. Kieffer and Early Harvester.

Select, 6 ft. -----

Duchess Dwarf, 3 to 4 ft. -----

MULBERRY

Valuable for windbrake or shade. Fruit of fair quality.

6 to 8 ft. -----	.50
5 to 6 ft. -----	.35

GOOSEBERRIES

A very profitable fruit. Bushes bear young and every year. It is not unusual to pick 10 quarts from a 3-year old bush.

VARIETIES, Houghton and Josselyn for red. Pearl and Oregon Champion, green or white.

2 years each ----- .25

CURRENTS

An abundant and regular bearer. Easily grown.

VARIETIES, Fay's Prolific, Cherry, Red Cross, White Transparent, English Current, black.

Select, No. 1, each ----- .25

RASPBERRIES

Regular bearers and of easy culture. Must be covered in winter.

VARIETIES, RED, Marlboro, Cuthbert, Loudon.

Per doz. -----	.35
100 -----	\$2.50

VARIETIES, BLACK, Cumberland, and Plum Farmer.

Per doz. -----	.75
100 -----	\$5.00

BLACKBERRIES

Like Raspberries must be covered in winter. All berry bushes should have plenty of water during the fruiting season.

Strong plants, per doz. -----	.75
Per 100 -----	\$5.00

DEWBERRIES, fruit larger than blackberries. Vines more easily covered.

No. 1 plants, per doz. -----	.75
Per 100 -----	\$5.00

GRAPES

One of the surest of the small fruits. It will stand a great deal of neglect but pays for good ground and good care. Cut the new wood back to 5 or 6 buds in the fall and cover same as Raspberries. Would recommend for this locality.

VARIETIES, Black, Moore's Early and Worden, White, Elvira, Niagara.

Select 2-year vines ----- Per Doz. \$3.00

STRAWBERRIES

These are a success wherever well cared for and can be set almost any time in growing season but will start more easily in spring. Care should be taken to set only good strong plants of the last season's growth.

VARIETIES.

Senator Dunlap, Aroma, per 100 ----- .75

Everbearing, Superb, Pregressive ---- \$2.00

GARDEN ROOTS

RHUBARB. Mammoth Wine, large size, stalk mostly red.

Per. Doz. ----- \$1.50

ASPARAGUS.

Per Doz. ----- .35

Per 100 ----- \$2.00

HORSERADISH.

Per Doz. ----- .35

Per 100 ----- \$2.00

SAGE. Holts Mammoth Sage.

Per Doz. ----- .75

EVERGREENS

Colorado Blue Spruce

The most popular of the evergreens. Hardy in all locations. We have a large stock of fine trees.

3 to 4 ft. each -----	\$3.00
2 to 3 ft. each -----	\$2.00
1½ to 2 ft. each -----	\$1.50
1 to 1½ ft. each -----	\$1.00

COLORADO GREEN SPRUCE

2 ft. each -----	\$1.00
1½ to 2 ft. each -----	.75

MOUNTAIN CEDAR

3 ft. each -----	\$2.50
2 ft. each -----	\$2.00
1½ to 2 ft. each -----	\$1.50

Shade & Ornamental Trees

Ash, Elm or Maple are generally best for street and lawn planting although Box Elder Locust and Catalpa do quite well. The Carolina Poplar in this locality is short lived and of but little value.

VARIETIES, Ash, Elm, Box Elder and Locust and Maple.

Trees 2 to 2½ in. 12 ft. high, each ---- \$2.00

Trees 1½ to 2 in. 10 to 12 ft. high, each \$1.50

Trees 8 to 10 ft. each ----- .75

T Trees 6 to 8 ft. each ----- .35

EXTRA large sizes, prices furnished on application.

CATALPA, 6 to 8 ft. ----- .50

MOUNTAIN ASH, Linden, Sugar Maple, 6 to 8 ft. -----

5 to 6 ft. -----

OAK, 4 to 5 ft. ----- .75

FLOWERING THORNE, white

4 to 5 ft. ----- .50

BUCKEYE, 4 to 5 ft. ----- .50

FLOWERING PLUM, 3 to 4 ft. ----- .75

DOUBLE FLOWERING CRAB, 4 to 5 ft \$2.00

RUSSIAN OLIVE, 5 to 5 ft.. ----- .75

GOLDEN WILLOW, 5 to 6 ft. ----- .50

WAHOO, or Starwberry Trees, 3 to 4 ft. .40

PINK FLOWERING LOCUS, 4 to 5 ft. -- .25

WEeping TREES

CUT LEAVED BIRCH, 5 to 6 ft. ----- \$2.00

CAMPERDOWN ELM, 5 to 6 ft. --- \$2.50

WEeping MULBERRY, 5 to 6 ft. ---- \$2.50

WISCONSIN WILLOW, 6 to 8 ft. ----- .75

WISCONSIN WILLOW, 5 to 6 ft. ----- .50

TREE SEEDLINGS

SOFT MAPLE, Lucust, Ash, Elm, 12 to 18 in.

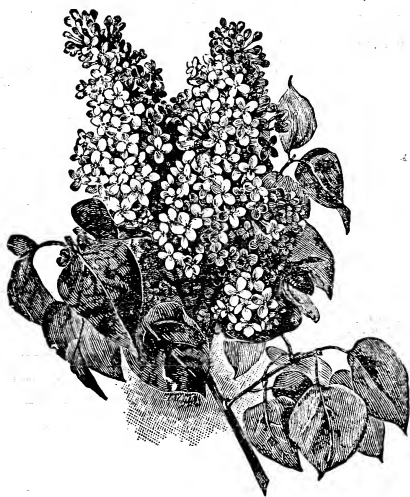

Per 100 ----- \$2.00

ORNAMENTAL HEDGE

Ibota Privet, hardy, 12 to 18 in. per 100 \$1.00

Barberry Thunbergi, 12 to 18 in. per 100 \$2.5

PURPLE LILAC, 12 to 18 in. per. 100 -- \$1.00

LILACS.

One of the best of ornamental shrubs.
Some of the new ones are very attractive.

ALPHONSE LAVELLE, double violet,
3 to 4 ft. ----- .50

MME. ABEL CHATENAY, double white,
2 to 3 ft. ----- .

LUDWIG SPATH, finest wine red,
2 to 3 ft. ----- .

PERSIAN LILAC, purple,
2 to 3 ft. ----- .50

PURPLE LILAC, common,
3 to 4 ft. ----- .25
2 to 3 ft. ----- .15

WHITE LILAC, single,
4 to 5 ft. ----- .35
3 to 4 ft. ----- .25

ORNAMENTAL SHRUBS

SPIREA VAN HOUTTEI, white	
3 to 4 ft. -----	.50
2 to 3 ft. -----	.35
SPIREA ARGUTA, white	
2 to 3 ft. -----	.50
SPIREA PRUNIFOLIO, double white	
2 to 3 ft. -----	.50
SPIREA BILLARDI, pink	
3 to 4 ft. -----	.35
SPIREA ANTHONY WATERER, dwarf pink	
-----	.45
SNOW BALL, common	
2½ to 3 ft. -----	.50
2 to 2½ ft. -----	.35
1 to 2 ft. -----	.25
HIGH BUSH CRANBERRY, 2 to 3 ft.	
-----	.50
FLOWERING ALMOND, pink or white,	
2 to 3 ft. -----	.75
1 to 1½ -----	.75

1 to 2 ft. -----	.35
GOLDEN ALDER, 2 to 3 ft.	
-----	.35
CUT LEAVED SUMACH	
-----	.35
SNOW BERRY	
-----	.30
RED BARK DOGWOOD	
-----	.40
YELLOW BARK DOGWOOD	
-----	.50
JAPAN BARBERRY, Dwarf	
-----	.25

ROSES

One of the most beautiful of flowers. Prized for its fragrance, beauty of form and color and long period of blooming, especially the ever blooming varieties. A rich soil is required for the best results.

The roses we offer are grown in the open ground, are good, strong plants, suitable for general planting and will bloom the first year if properly planted and cared for. They should not be classed with the small low priced plants offered in collections sent by mail.

SOME LEADING VARIETIES

AMERICAN BEAUTY, pink shaded to crimson, fragrant.

GEN. JACQUIMINOT, brilliant crimson.

PAUL NEYRON, deep rose pink, large flower.

PRINCE CAMILLE de ROHAN, dark velvety crimson.

ULRICH BRUNNER, rich cherry red.
 MARSHAL P. WILDER, crimson, very fragrant
 KAISERIN AUGUSTA VICTORIA, white.
 MAGNA CHARTA, bright pink. 604.

CLIMBING ROSES

WHITE RAMBLER.

DOROTHY PERKINS, shell pink.

DOROTHY PERKINS, red

CRIMSON RAMBLER.

PRAIRIE QUEEN, bright pink.

Select 2 year plants ----- .50

Extra 3 year plants, each ----- .75

HERBACEOUS PEONIES

Peonies will thrive in almost any soil and while no flower will give as satisfactory results with as little care they amply repay good care. They are suitable for nearly all places where a permanent hardy plant is desired. Of late years they have been wonderfully improved and many new ones added. The following list contains some of the best varieties.

ANDRE LOURIES, rose red, late, fragrant .40

FELIX CROUSSE, rich brilliant red. A very large full bloom, best of all reds ----- .75

HENRI DEMAY, dark red ----- .50

GOLDEN HARVEST, outer petals blush, pink, deepening to canary yellow center ----- .50

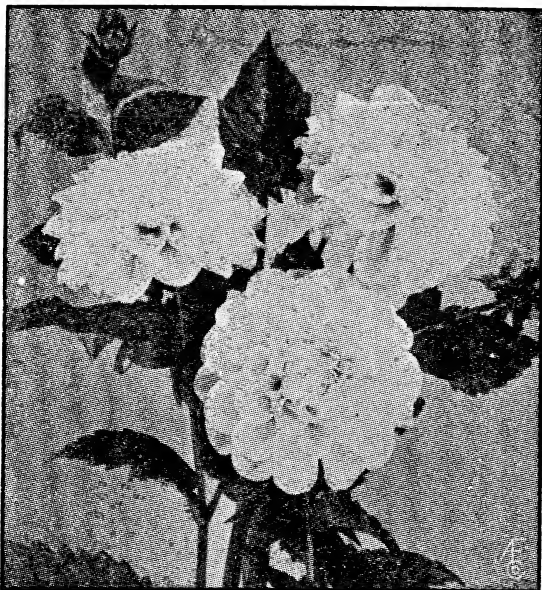

FESTIVA MAXIMA, finest white, very large. Inner petals flecked with purple ----- .50

GRANDIFLORA ALBA, a standard white, early ----- .50

OFFICINALIS, Rubra, crimson, early ---- .50

VICTORIA TRI-COLOR, pink, yellow and flesh color ----- .50

WILD ROSE, large brilliant red, single ---- .50

DAHLIAS.

A well known summer and autumn flowering plant growing from 3 to 6 feet high and producing a profusion of flowers ranging from purest white to darkest maroon. We make a specialty of Dahlias. From hundreds of varieties we have selected fifty of the best, to which are added yearly such new ones as seem desirable. Our list contains some choice varieties from eastern growers.

Plant Dahlias 4 to 5 in. deep and 2 ft. apart, with rows 3 ft. apart. Plant only where they can be well hoed or cultivated. Do not plant too early. Dahlias can usually be planted from the 15th to the 20th of April but do well planted as late as the 20th of May. As soon as plants appear above the ground the soil should be made loose and mellow with hoe or rake. When two feet high or over each one should be tied to a stake to prevent a possible breaking down by the wind.

The following is a partial list of the most desirable sorts.

CACTUS DAHLIAS

COUNTESS OF LONSDALE, rich salmon, profuse bloomer.

DAINTY, lemon base, pink tips.

FLORADORA, dark red, an excellent bloomer.

JEALOUSY, clear bright yellow, good stem.

KREIMHILDE, delicate pink, shaded to white center.

UNCLE TOM, maroon approaching black.

PERLE DE LYON, white.

STANDARD BEARER, scarlet.

GOLDLAND, canary yellow, fine.

SHOW AND DECORATIVE DAHLIAS

A. D. LIVONI, rich pink.

BON TON, deep garnet red. Very fine.

FRANK SMITH, rich dark maroon tipped with white.

LE GRANDE MANITOU, immense flowers, purple streaked with crimson.

D. M. MOORE, mammoth size, deep velvety maroon.

SOUVENIR DOUZON, largest of decorative reds.

MME. A. LUMIER, white ground suffused with red.

DREER'S WHITE, large.

MRS. WINTER'S, pure waxy white. Profuse bloomer.

NAVAJO, dark velvety red. One of the best.

SINGLE DAHLIAS

20TH CENTURY, white suffused with red or pink.

SOUVENIR FRANZT LISZT, purple, maroon, and white.

A good selection of named varieties,

per doz. ----- \$2.00

Mixed varieties, per doz. ----- \$1.00

CANNAS

A very showy Summer and Autumn flower.
A good bloomer in almost any location. Plant
as soon as danger of frost is over.

We name a paritla list:

ITALIA. Red bordered with yellow.

KING HUMBERT. Bronze foliage with scarlet
and red flowers.

MME. CROZY. Red, gold edge.

FLORENCE VAUGHN. Yellow spotted red.
Each ----- .5

GLADIOLUS

One of the best cut flowers, coming in great
variety of colors.

Choice mixed varieties, Per Doz. ----- 50

Per 100 ----- \$300

Named sorts, Per Doz. ----- .50

TULIPS

Plant in Fall for spring blooming.

Named varieties, per doz. ----- .75

Mixed per doz. ----- 40

HARDY PHLOX.

Among the hardy Perennials no flower is
more in favor than the hardy Phlexes.

They have a wide range of attractive colors.

Each ----- .25

Assorted, per dozen ----- \$250
